

“Our children received outstanding educations from skilled, competent teachers here in Kettering. We feel strongly that today’s children deserve these same opportunities. That’s why we continue to support our schools even though our children are grown...  
and why we’re voting

**FOR Issue 3 on May 4th.”**

-- Mike and Victoria Delman

"Our children received great educations here in Kettering, and we don't take that experience for granted. More than anything, the outstanding teachers our children had made the difference in preparing them for college and their chosen careers.

"We are grateful to the Kettering community for supporting excellent schools. Great schools are the cornerstone of a great community, and these challenging days would be the worst time to let our schools slide in quality. The schools have tightened their belt and cut millions from the budget. Further cuts would dramatically harm present and future generations of Kettering students.

"As our kids progressed through Prass School, Kettering Middle School and Fairmont High School, we saw how being a part of an excellent and diverse learning environment, where teacher dedication and professionalism are the norm, prepared them well for future challenges. It's a tradition that's worth preserving.

**Please join us as we support a community tradition of maintaining  
GREAT SCHOOLS for our young people!**

**Vote FOR Issue 3 on May 4th!  
The Kettering City Schools \* A GREAT Investment!**
