Ohio Bepartment of Education

Kettering City School District

3750 Far Hills Ave, Kettering, OH 45429-2506 - Montgomery County

The District Report Card for the 2008-2009 school year shows the progress districts have made based on four measures of performance.

Performance Index

Value-Added

Adequate Yearly Progress

The combination of the four measures is the basis for assigning state designations to districts, buildings and community schools.

The six designations are

- Excellent with Distinction
- Excellent
- Effective
- Continuous Improvement
- Academic Watch
- Academic Emergency

To meet a test indicator for grades 3-8 and 10, at least 75% of students tested must score proficient or higher

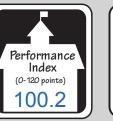

on that test. Other indicator requirements are: 11th grade Ohio Graduation Tests, 85%; Attendance Rate, 93%; Graduation Rate, 90%.

Performance Index

The Performance Index reflects the achievement of every student enrolled for the full academic year. The Performance Index

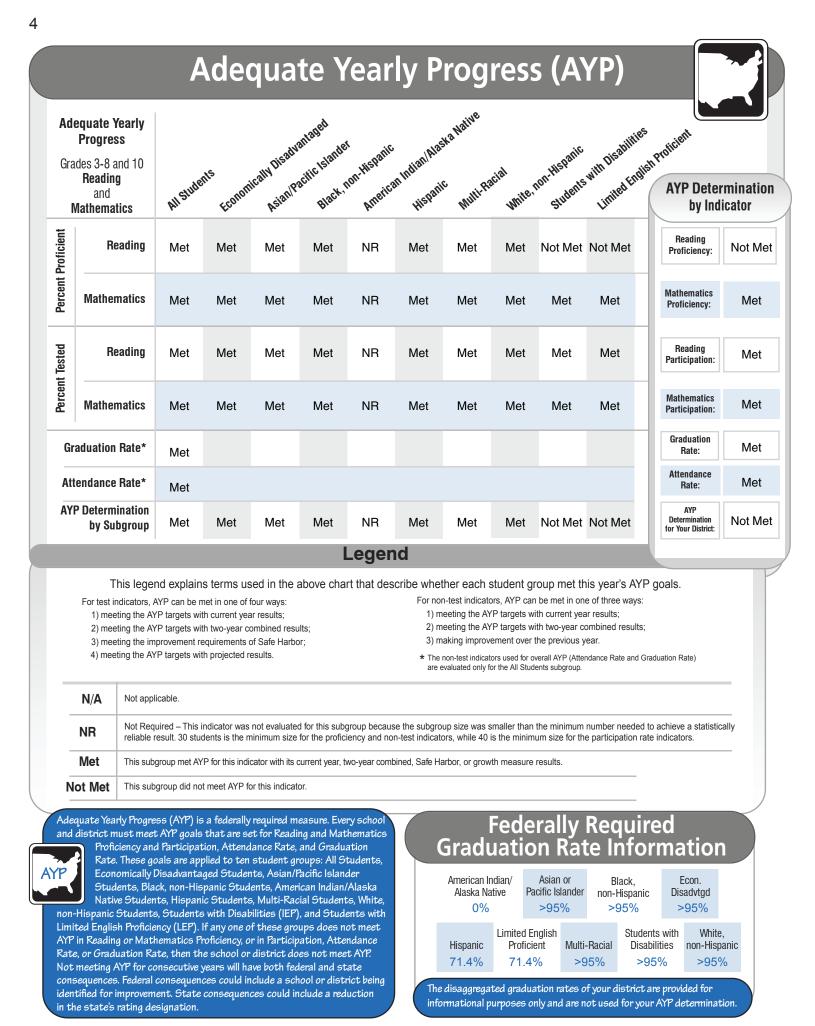

is a weighted average that includes all tested subjects and grades and untested students. The greatest weight is given to advanced scores (1.2); the weights decrease for each performance level and a weight of zero is given to untested students. This results in a scale from 0 to 120points. The Performance Index can be compared across years to show district achievement trends.

Number of Limited English Proficient Students Excluded from Accountability Calculations

rom Accountability Calculations

Under the federal No Child Left Behind Act, states are required to report certain data about schools and teachers. Data presented here are for reporting purposes only and are not used in the computation of the state designation for districts and schools.

Federally Required School Teacher Information

	Your District	State
Percentage of teachers with at least a Bachelor's Degree	99.0	99.3
Percentage of teachers with at least a Master's Degree	71.0	59.3
Percentage of core academic subject elementary and secondary classes not taught by highly qualified teachers	0.2	1.8
Percentage of core academic subject elementary and secondary classes taught by properly certified teachers	98.8	98.7
Percentage of core academic subject elementary and secondary classes taught teachers with temporary, conditional or long-term substitute certification/licer	ht by Your District Sch	gh-Poverty ools Located four District* 0.0

-- =Not Calculated/Not Displayed when there are fewer than 10 in the group.

"High-poverty schools are those ranked in the top quartile based on the percentage of economically disadvantaged students. Low-poverty schools are those ranked in the bottom quartile based on the percentage of economically disadvantaged students. A district may have buildings in both quartiles, in just one quartile or in neither quartile.

Schools in School Improvement

Generally, a school will enter School Improvement (SI) after missing AYP for two consecutive years, and it can exit SI only after meeting AYP for two consecutive years.

Every school in SI has to create an improvement plan. If a school in SI receives federal funds, it may have to offer Public School Choice and/or Supplemental Educational Services.

Being in SI for three or more years requires more extensive corrective actions and, eventually, restructuring.

Measures of a Rigorous Curriculum for the Class of 2008

Measure	2007-08 Graduates	Data Source
Graduation Rate	97.9 %	EMIS
Mean ACT Score	23	ACT Corp., EMIS
Percent of Graduates participating in the ACT	48.6 %	ACT Corp., EMIS
Mean SAT Score	1048	College Board, EMIS
Percent of Graduates participating in the SAT	31.7 %	College Board, EMIS
Percent of Graduates graduating with an Honors Diploma	11.5 %	EMIS
Number of Graduates participating in an AP test	207	College Board
Percent of Graduates with an AP score of 3 or above	21.2 %	College Board, EMIS

The Measures of a Rigorous Curriculum are intended to report on the completion of a rigorous curriculum and other indicators of student success that ensure students leave school with the knowledge and skills needed to succeed in college, careers and citizenship. These indicators pertain to schools that have any combination of grades 10, 11 and 12.

Legend

EMIS - Education Management Information System of the Ohio Department of Education

ACT College Entrance $\ensuremath{\textit{Exam}}$ - Nonprofit organization that administers the ACT college entrance test

College Board (SAT) - Nonprofit association that administers the SAT exam

AP - Advanced Placement, a program offering courses/exams that provide students the opportunity to earn credit or advanced standing at colleges and universities

The National Assessment of Educational Progress (NAEP),

often referred to as "The Nation's Report Card," is the only nationally representative and continuing assessment that enables the comparision of performance in Ohio and other states in various subject areas. Schools and students within each state are selected randomly to be a part of the assessment. Not all students in the state or in a particular school take the assessment. Data are reported at the state level only, and there are no individual student or even school summary results. The assessments are conducted in mathematics, reading, science, writing, the arts, civics, economics, geography and U.S. history.

To view Ohio's most recent NAEP results, go to:

http://education.ohio.gov

and search for key word "NAEP"

Determining Your District's Rating

Determining your district's report card designation is a multi-step process. The first step is to determine a preliminary designation, which is based on the following components: 1) the percentage of indicators met, 2) the performance index and 3) AYP determination.

Indicators Mo	et	Performance Index Score		AYP Status		Preliminary Designation
94%-100%	or	100 to 120	and	Met or Not Met	=	Excellent
75%-93.9%	or	90 to 99.9	and	Met or Not Met	=	Effective
0%-74.9%	or	0 to 89.9	and	Met	=	Continuous
50%-74.9%	or	80 to 89.9	and	Not Met	=	Improvement
31%-49.9 %	or	70 to 79.9	and	Not Met	=	Academic Watch
0%-30.9%	and	0 to 69.9	and	Not Met	=	Academic Emergency

The preliminary designation results from identifying the higher value between the percentage of indicators met by your district and your district's performance index. AYP then is evaluated to determine its effect on the preliminary designation. There are three ways in which AYP can affect the preliminary designation.

- 1. If a district meets AYP in the current year, it can be rated no lower than Continuous Improvement.
- 2. If a district does not meet AYP for three consecutive years and in the current year it does not meet AYP in more than one student group, it can be rated no higher than Continuous Improvement.
- 3. In all other cases, AYP has no effect on the preliminary designation. Thus, the preliminary designation becomes the final designation.

Once the preliminary designation is determined, Value-Added, the fourth measure in the accountability system, is evaluated to determine the impact (if any) on the district's final designation.

- 1. If your district's rating is restricted to Continuous Improvement due to AYP, then Value-Added will have no impact on the designation and the preliminary designation becomes the final designation.
- 2. If your district experiences above expected growth for at least two consecutive years, your district's final designation will increase by one designation.
- 3. If your district experiences below expected growth for at least three consecutive years, your district's final designation will decrease by one designation.

Preliminary Designation		Value-Added Measure*	Final Designation
Excellent	and	Above expected growth for at least 2 consecutive years	Excellent with Distinction
LAGGIGIN	anu	Below expected growth for at least 3 consecutive years	Effective
Effective a		Above expected growth for at least 2 consecutive years	Excellent
		Below expected growth for at least 3 consecutive years	Continuous Improvement
Continuous Improvement	and	Above expected growth for at least 2 consecutive years	Effective
-		Below expected growth for at least 3 consecutive years	Academic Watch
Academic Watch	and	Above expected growth for at least 2 consecutive years	Continuous Improvement
	and	Below expected growth for at least 3 consecutive years	Academic Emergency
Academic Emergency	and	Above expected growth for at least 2 consecutive years	Academic Watch
interest interesting of the second se	und	Below expected growth for at least 3 consecutive years	Academic Emergency

*In all other cases, including if your district's designation has been restricted to Continuous Improvement, then Value-Added will have no impact on the designation and the preliminary designation becomes the final designation. 8
