Dear Superintendent Schoenlein,

Thank you for your recent letter regarding TPPT reimbursement losses, as they affect Kettering Schools.

I completely understand your position. I do not have a solution at this time. Your first option is the only one that would not require taking scarce resources from some other area that is also already seriously impacted. I will see if I can get some numbers of school districts disproportionally affected by the current proposal and work with my colleagues to find an acceptable remedy.

Be assured that I will be exploring all possible options to assist you. Again, I appreciate your input and welcome any other ideas or suggestions you may have.

Sincerely,

Peggy Lehner
